

Effective control of flying insects

Pest-Pro is pleased to introduce a range of commercial grade Insect Glue Board Traps, devised and engineered to be Safe, Hygienic and Effective.

Manufactured under strict Quality Control Guidelines, each unit is designed to look great and enhance value to your premises. Developed using the latest technology and best material for the most effective catch, trap and kill of flying insects.

Decorative Flying Insect Glueboard Trap with a Patented Design. Features an Exposed UV-A Window for additional Flying Insect Attraction.

Elegant and modern with high quality finish, Pest-Pro C5-15W is wall mounted and compact can be used both at home or work, in the kitchen/food preparation area or dining area.

Perfect for Bars, Pubs, Cafés, Restaurants, Hotel, Lounges, KTV or any public spaces where Flying Insect are found.

Safe and whisper quiet, no chemicals or additives, using the PL – BL UV-A Light to lure in all types of insects, once trapped on Glueboard, insects are silently killed.

Pest-Pro C5-15W has an Out of Sight Fly Catch area for total discretion in all public areas including meal areas.
