

Effective control of flying insects

Pest-Pro is pleased to introduce a range of commercial grade Insect Glue Board Traps, devised and engineered to be Safe, Hygienic and Effective.

Manufactured under strict Quality Control Guidelines, each unit is designed to look great and enhance value to your premises. Developed using the latest technology and best material for the most effective catch, trap and kill of flying insects.

Pest-Pro E36 is a highly effective Insect Trapping device, featuring a patented design with an amazing ability to cover up to 1,610 Square Feet.

Whisper quiet, NON toxic and odour free, Pest-Pro E36 is developed for commercial use and has an Out Of Sight Catch area. Pest-Pro E36 is designed for locations where discretion is just as important as trapping. Safe and whisper quiet, no chemicals or additives, using the PL – BL UV-A Light to lure in all types of insects, once trapped on glueboard, insects are silently killed.

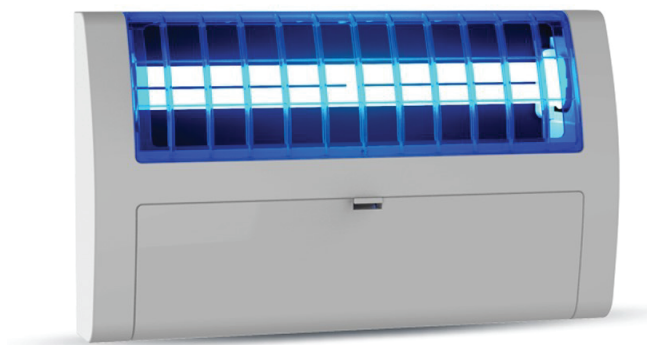

Slim yet robust, Pest-Pro E36 has a large opening allowing it to lure and catch more insects faster.

Call us today, we can help you to prevent fly problems!
